PHILLY.COM NAMES AVANCEON A WINNER OF THE DELAWARE VALLEY 2017 TOP WORKPLACES AWARD

Exton, PA. April 3, 2017 – Avanceon, the engineering solutions provider based in Exton, PA, has been awarded a 2017 [Top Workplaces](#) honor by *The Philadelphia Inquirer*, the region’s leading news organization. The Top Workplaces lists are based solely on the results of an employee feedback survey administered by [WorkplaceDynamics, LLC](#), a leading research firm that specializes in organizational health and workplace improvement. Several aspects of workplace culture were measured, including Alignment, Execution, and Connection, just to name a few. Avanceon placed in the top 20 of all regional small businesses surveyed.

“The Top Workplaces award is not a popularity contest. And oftentimes, people assume it’s all about fancy perks and benefits.” says Doug Claffey, CEO of WorkplaceDynamics. “But to be a Top Workplace, organizations must meet our strict standards for organizational health. And who better to ask about work life than the people who live the culture every day—the employees. Time and time again, our research has proven that what’s most important to them is a strong belief in where the organization is headed, how it’s going to get there, and the feeling that everyone is in it together. Claffey adds, “Without this sense of connection, an organization doesn’t have a shot at being named a Top Workplace.”

Throughout Avanceon’s history, its focus has been twofold: superior work delivered from a superior work environment. According to Matt Ruth, Avanceon Vice President of Sales and Marketing, *“Avanceon has won many awards in the past, but none is as important as the one that says our employees enjoy coming to work each day.”*
